

# SEIU 1021 City of Oakland Chapter

## Contract Extension Update for March 18, 2021

On Thursday, March 18, our elected Bargaining Team met via Zoom to discuss the City of Oakland's recent extension offer.

The City offered a two-year extension of our existing contract, with no changes and no additional money to keep up with the rising costs of living.

**A fair COLA is essential for our members**, so many of whom have suffered and sacrificed throughout this pandemic, or under our region's affordable housing crisis. *The Bargaining Team decided to discuss the possible extension in coalition with other unions* representing city workers, including CMEA, IBEW Local 35 and IFPTE Local 21.

Representatives of the Bargaining Team including the Lead Negotiator Rob Szykowny and chapter president Felipe Cuevas will meet with the union coalition, and we will keep all chapter members updated on the progress of these extension talks.

### Meet Your Elected Bargaining Team

The Bargaining Team shall be made up of the following representatives:

- Chapter Officers: (all seven serve on bargaining team)
