

SEIU Local 1021 Alameda Health System Bargaining Update, June 18, 2024

THE CLOCK IS TICKING

Wear Your Purple EVERY WEDNESDAY For a Fair Contract!

Your elected Bargaining Team met with management late into the night on June 17. Some progress is being made, but **management continues to ignore information requests about safety and staffing and refuses to respond to our proposals about staffing matrixes.**

We have three sessions left (Thursday the 20th, Monday the 24th and Wednesday the 26th), and **we intend to have a tentative agreement after them or go on strike** to protest the unfair labor practices we have endured at the bargaining table and in the workplace.

New Tentative Agreements:

- Guaranteed uniforms for gardeners and EVS workers
- Juneteenth holiday added to our MOU
- Expanded bereavement leave
- Increased training pay for all three contracts and new preceptor pay for General Unit and San Leandro Hospital contracts

Next Steps:

- We meet with management three more times:
Thursday, June 20
Monday, June 24
Wednesday, June 26
- If we don't reach an agreement, **we will give ten days' notice to strike**
- Wear your purple every Wednesday!
