La Clinica Chapter
December, 2024 Update

It's Time to PICKET

For Our RIGHTS!

We're meeting regularly with management and a mediator, to try to reach a fair contract. Unfortunately, through three sessions, **La Clinica still has not presented any meaningful wage increases.**

There has been some progress, including a starting differential for bilingual work, and we are scheduled to meet twice more before the holidays. **To make management move, we need to take action together!**
